In search of knives
Kill the losers
More to life
What changed the young man's mind
Come with me
Run from me

CHORUS

As its me and you man
Minds in darkness
Eat the cake and you lose your mind
Can't believe it's f**king happening
One slice and you're feeling high
Ate too much I nearly died
More Jack it'll be OK
Can't believe it's f**king happening
Still stoned it's another day

In search of knives Kill the losers More to life What changed

Come with me Run from me

[REPEAT CHORUS]

We search for truth Picked the wrong day If life's the question Is death...

The answer - the answer The answer - the answer

[REPEAT CHORUS]
Me and you man!
