

Your destruction  
You decide  
Your misadventure  
Spit at my lies  
You don't have to fall down  
You don't want to fall  
You don't have to cry now  
You don't want to cry

You're just a f\*\*kin' lowlife  
Your life's a f\*\*kin' lie  
You live in your mind  
Screaming inside  
Screaming is f\*\*king blind

Your destruction  
You decide  
Your misadventures  
Spit at my lies

You don't want to cry now  
-You don't try to be  
You don't want to cry  
-You're no f\*\*kin' good  
You don't want to see me  
-Not f\*\*kin' again  
You don't want to see  
-We will die

[REPEAT CHORUS]

Your life is propoganda  
Burning to be like  
In your own world  
Dragging me down (2x)

Lucifer!

Your sorrow  
We borrow
