

Don't you want me to be?  
Try to be you it's not right

Destroy it all before  
This is the end once more

Taking of innocence  
Wanting of innocence

CHORUS

You will fall below line [Abort the love]  
The pain which we all know [Crucify]  
Now you come to my world [Sacrifice]  
The pain will swallow you whole [Fuck your mind]

Destroy it all before  
This is the end once more

Ask me nothing f\*\*k that  
Time has come now f\*\*k off

[REPEAT CHORUS]

Why, Why - Fuck  
Why - You lie  
Why - Destroy  
Why - And f\*\*k your mind  
Why - Die  
Why - your life  
Why - Fuck you

Now you come to my world [Sacrifice]  
The pain will swallow you whole [Fuck your mind]

Now you take me  
Such a loser  
Fuck your mother  
Nothing for you
