

Let madness hunt my mind  
Let violence guide my hand  
Embrace this insanity of mine  
Release the demons trapped inside  
Arson, murder, suffering  
Raping, pillaging, butchering  
Cravings are haunting me  
My soul will feast on your despair

A vengeful state of mind  
Evil incarnate in the flesh  
Infested mindset plagued with scorn  
Will make sure you are laid to rest  
Oppressing, usurping, torturing  
Extorting, infesting, pestering  
Never turn the other cheek  
Retaliate with tenfold strength

Desolated  
Desecrated  
Diabolic  
Dystocratic
