

## From the Darkest Deep

Ragnarok

Demons from the darkest deep  
Sent by the dark shadow  
In order to destroy  
The light of the weak  
A dark hole is opened  
In the cold winterland  
Opened by the dark believers  
Unholy forces in the blackened dark  
They will see the heart of Christ  
Ripped out and sent through the hole  
The hole of darkness and sorrow  
From the darkest deep  
Comes the confined souls  
Whit their Ice-bound hearts  
The weak son of mother Mary  
The feeble belief of a god  
The son of the holy whore  
Fall down in inhuman pain  
God... in spiritual death  
Weakness... in the holy horde  
When they who believe in him  
Laying on the ground to rot
