Pa-pa-pack your bags and let's get away
To a place in space where you my babe
You never been
Tell me have you ever been?
Flown out to a state of mind where it's blown out
In stages the show
More pages to go
But if you read between the lines
And leave them bad times behind
... sipping that wine
I finally made you mine
I take you back to my mama house
And wife you up in due time
Don't that sound elegant to your brain cells?
Left hand, now tell me how that ring feels
I'm still your man
Gonna stay the same can't change
Let me be the one this my campaign champagne
Pop that hit that get that got that stop that

Oh I want to give you love
Baby smile
You're in pain
