

# The Love Experience

Raheem DeV Vaughn

Yo peace and love, I wanna tell yall about the beautiful love experience (hope you have time, hope you don't mind)

To my cousin I'm hoping you can hear this rhyme  
When I ride through the bricks yeah  
I think about you all the time  
That cold day I got that phone call  
It plays back in my mind  
I can still hear your mother cry

Well at least I can say I had my first experience of love through you

And to my first girlfriend  
I know you probably married now  
Reminiscing on our prom date  
The way I did you yo was kind of foul  
But I guess I had to wise up  
So now I know better now (but at least I can say)

But at least I can say I had my first experience of love through you

Like how it feels  
When it comes  
What its like  
When it leaves

So to the woman that betrayed me  
I think its unfair how  
How you chose to deceive me  
I thought that was my child  
Now he's forced inside for now

But at least I can say I had my first experience of love through you

To the faith I've lost ( faith I've lost )  
For the friends I've gain ( the friends I've gain )  
I'm thinking while I'm questioning change is a good thing  
'Cause with dead weight you can't travel light (can't travel light)  
Besides I was born to fight so I'm gon' be alright ( born to fight)

But at least I can say I had my first experience of love through you)Like how it feels  
When it comes  
What its like when it leaves

To my moma,  
To grandma  
To my sister (to my sister)  
And say good-bye (to my family)  
After departure day and my friends told me what happened oh

But at least I can say I had my first experience of love through you  
(I've experienced love)

[Chorus:]  
I've experinced  
The Love experience

You should experience  
The love experience  
We are all, all experiments  
Of the love experience  
So just experience

[Reprise:]

We all should experience (la la la la la la, la la la la la la la la)  
Experience [x2]

[Chorus]
