

Get Here

Rahsaan Patterson

Sugar, I shiver
Alone in a bed
Where we once made
Sweet love, good love
When will you return
And love me again

Think of how it would feel
If you were here with me
Do whatever it takes baby - get here

Cuz I'm yearnin? for your love
Longin? for your touch
I've been missing it so much - get here
I'm waiting for you just
To come and take my love
Only you can fill me up - get here

Baby, I'm lazy, walking in a daze
Starin? in space
Wanting and waiting
For you to return and love me again

I'm in desperate need
For you to pacify me
Do whatever it takes baby - get here
