

So Right

Rahsaan Patterson

Time to spice it up
Time to make it a little sweeter now
Put me in your mix
Baby
Stir it up and drink me down

I'm loving you
Hard strong and true
So if it's alright
I'm yours tonight

Nothin' has ever ever felt so right
I'm in heaven when I look in your eyes
Nothing has ever ever felt so right

So right it's just so right
So right it's just so right

Baby take your hand
And gently rub my body down
Come into my world
And turn my whole life around

So if it's cool
And you want to
I'm here to do
Anything for you

Nothin' has ever ever felt so right
I'm in heaven when I look in your eyes
Nothing has ever ever felt so right

Nothin' has ever ever felt so right
I'm in heaven when I look in your eyes
Nothing has ever ever felt so right
