

# Black Masquerade

Rainbow

1. I know the key to secrets never told,  
they\_re hidden in your soul  
Feelings you hide never wanting me to find  
they\_ve always been mine  
Release all the madness within,  
let it all begin  
Now you\_ll see, the dark side of me

R: In our BLACK MASQUERADE  
Let the moonlight surround you  
ooooh oooooh  
The game that we play  
is the BLACK MASQUERADE

2. The full moon unmasks the stranger in us all  
and the cruel world takes its toll  
The shadow is cast on who you used to be,  
let me set you free  
Come on now, come take my hand,  
then you\_ll understand  
We'll go to that forbidden land

R:

Release all the madness within,  
let it all begin  
We'll go to that forbidden land

come let me take you there  
Let the moonlight surround you  
ooooh oooooh  
don\_t be afraid  
it\_s the BLACK MASQUERADE  
BLACK MASQUERADE
