

# Ears Ring

Rainer Maria

Have faith,  
Have faith,  
In the blue... lady  
Have faith,  
Have faith,  
In the blue... lady

Strange how the ears ring  
After a night of wrongdoing  
Strange how the arms sting  
When you're left holding nothing

Have faith,  
Have faith,  
In the blue... lady  
Have faith,  
Have faith,  
In the blue... lady

Strange how the ears ring  
After a night of wrongdoing  
Strange how the arms sting  
When you're left holding nothing

You need contact daily  
Your conscience is failing  
You need contact daily  
Your conscience is failing  
You need contact daily  
Your conscience is failing  
You need contact daily  
And you already love her  
You already love her  
You already love her, love her, love her...

Strange how the ears ring  
After a night of wrongdoing  
Strange how the arms sting  
When you're left holding nothing

You need contact daily  
Your conscience is failing  
You need contact daily  
Your conscience is failing  
You need contact daily  
Your conscience is failing  
You need contact daily  
And you already love her  
You already love her  
You already...  
You already love her  
You all love her, love her, love her, love her, love her...
