

All This Beauty

Raining Pleasure

Love me In the daytime
Love me in the night
Love me through the winter
Don't let me hide
Don't let me hide
Love me when I'm falling
Love me when I'm through
Show me the way in you
I don't know how
I don't know how
You're dancing inside me
Aware of this truth
You're dancing in joy
And careless youth
And careless youth
I'm walking in pleasure
My body's just flown
Enchanted and free
I watch you move
I watch you move
If you two were in love
I would die
If you two were in love
I would die
Charmed and jealous of everything
Dear god help me stand it
Dear god help me stand it
Dear god help me stand
All this beauty
All this beauty
