

Street Song

Raining Pleasure

Everyone's laughing together and the day is passing merry
Like a party laughing.
Sidewalks over flow Over the crowded streets the people
Dancing, singing as they go.
Dance through the shops on the streets of all the parties
Crazy, whirling like a spinning daydream,

Spinning you away. Over the crowded streets, the music's
Soaring while the people play.
Everyone laughing together as the day is passing merry
Like a party laughing Sidewalks overflow Over
The crowded streets the people dancing, singing as they
Go.
