

All he wanted was a simple life he said  
I can never be anything you wanted  
I can never be anything you needed  
All she wanted was a simple life she said  
You can never be anything I wanted  
You can never be anything I needed

Do we call this the end  
It feels like I am waiting like an inmate  
Hoping for my someday  
Remember when we began  
Life was like a new born baby breathing  
Those were the ways of the days

So don't don't don't don't  
Put us in a place we never wanted  
Just don't make us fake  
Don't don't don't  
I kinda sorta like the way  
We make each other think

All he told her were some simple lies he said  
I only told you everything you wanted  
Only told you everything you needed  
All she heard were his simple lies she said  
You never told me anything I wanted  
Never told me anything I needed

Now we call this the end  
It felt like I was waiting like an inmate  
Now I've got my someday  
Remember when we began  
Life was life a new born baby breathing  
Those were the ways of the days

So don't don't don't don't  
Put us in a place we never wanted  
Just don't make us fake  
Don't don't don't  
I kinda sorta like the way  
We make each other think

If you could see the way I'd love to feel again  
(Don't make us fake don't make us fake)  
If we could make a way would you want to make amends  
Do you feel this way

So don't don't don't don't  
Put us in a place we never wanted  
Just don't make us fake  
Don't don't don't  
I kinda sorta like the way  
We make each other think
