```
As I walk through memories
And at the end of these
I've burned a lot of pain to see you within
Deep powdered my skin and it's (burning)
And I wanna break through to you
Try to speak to you ( and I )
And I seem to get to what's right
But you're not listening right
When you went through my head
Turned it upside down
Fuck you, sick of you all the time
( I'm sick of you all the time...)
And some of your shit, reaches my evil side
And I can't deny, some of these times
I wish you would die
Listen up, All the time, Suck it up
You just cannot see it
( Sick of you all the time )
Listen up, All the time, Suck it up
You just cannot see it
Why can't you learn to read the sign
Read between the lines
Closer to what I want to say
And now I totally feel
Instead I have to put all this in rhymes
Some I seriously am gonna buy
Does it make you feel fine
( No resisting )
When you went through my head
Turned it upside down
Fuck you, sick of you all the time
And some of your shit, reaches my evil side
And I can't deny, some of these times
I wish you would die
Listen up, All the time, Suck it up
You just cannot see it
( Sick of you all the time )
Listen up, All the time, Suck it up
You just cannot see it
( I'm sick of you all the time )
Listen up, All the time, Suck it up
You just cannot see it
Listen up, All the time, Suck it up
You just can't believe it
( I'm sick of you all the time )
