## I Ain't Blue

**Bonnie Raitt** 

I ain't blue, baby Just a little bit lonesome for some lovin' Everything is fine Just don't want to be all by myself

On a rainy day I'm feelin' kind of funny Dreaming 'bout some loverman who'll call me honey Yeah and a good lookin' man My heart inside A lonely smile and lovin' in his eyes

No I ain't blue, baby But I'm just a little bit lonesome for some love again Everything is fine Just don't want to be all by myself

Sit around the house Readin' magazines All the time thinkin' 'bout those same sweet dreams Yeah, walk down the street My heart jumps a beat Every time I see some sweet man I want to meet

No I ain't blue, baby But I'm just a little bit lonesome for some love again Everything is fine I just don't want to be all by myself
