

One Belief Away

Bonnie Raitt

Last night I thought I found you
I saw it in a dream
I was tangled in the rushes, baby
You were caught up in the stream
And the more I tried to reach you
The more you slipped away
And when I woke up in the darkness
I was callin' out your name

You and we dance around it
Why is the truth so hard to say
We long for true love, well
We've found it, it's just
One Belief Away

There's a shadow in the garden
And it's coiled around our hearts
Won't you help me to believe you, baby
Won't you show me where to start

The more I try to reach you
The more you slip away
I want to wake up in the darkness
And hear you callin' out my name

You and we dance around it
Why is the truth so hard to say
We long for true love, well
We've found it, it's just
One Belief Away
