

Storm Warning

Bonnie Raitt

Storm warning, feels like a heavy rain
Winds on the coast tonight
We may get tossed tonight

Storm warning, he's made it pretty plain
He's fallen for another
Found a new lover
And he won't be back again

Can't stop a river
When it's burst its banks
I've seen the look in his eyes
He's in love and hypnotised

Time of mourning
There's already been a flood of my tears
Such a sense of loss tonight
Nought to do but ride it out

Can't stop a river
When it's burst its banks
I wonder how long it's gonna take
To get over this heartbreak

Storm warning, feels like a heavy rain
Winds on the coast tonight
We may get tossed tonight

Storm warning
