

## What Is Success

Bonnie Raitt

How does one decide  
That the methods he's using,  
They just don't jive  
To truly believe and keep trying  
Over and over again  
Living in hopes,  
That someday you'll be in with the winners

When should one change his mind  
And jump the fence  
For the dollar sign  
Its a sad thing, it's a bad thing  
But so necessary  
That this cold world forces  
Your values to become monetary.  
(It ain't necessary)

Ooh, tell me what it is  
Success

Ooh, tell me what it is  
Sweet success

Now what, what, (i don't know, can you tell me what)  
What is success?  
Is it do your own thing?  
Or to join the rest  
And if you truly believe it,  
And try over and over again  
Living in hopes  
That someday you'll be in with the winners

Ooh, tell me what it is  
Success

Ooh, tell me what it is  
Sweet success
