

Follow The Leader

Rakim

Follow the leader
Follow the leader
Follow the leader
Follow the leader

Follow me into a solo
Get in the flow and you can picture like a photo
Music mixed mellow maintains to make
Melodies for M.C.'s motivates the breaks

I'm everlastin', I can go on for days and days
With rhyme displays that engrave deep as X-rays
I can take a phrase that's rarely heard, flip it
Now, it's a daily word

I can get iller than 'nam, a killin' bomb
But no alarm, Rakim will remain calm
Self-esteem make me super, superb and supreme
But for a microphone still I fiend

This was a tape I wasn't supposed to break
I was supposed to wait, but let's motivate
I want to see who can keep followin' and swallowin'
Takin' the makin', bitin' it and borrowin'

Brothers tried and others died to get the formula
But I'ma let ya sweat, you still ain't warm
You a step away from frozen, stiff as if ya posin'
Dig into my brain as the rhyme gets chosen

So follow me and were ya thinkin' you were first?
Let's travel at magnificent speeds around the universe
What could ya say as the earth gets further and further away
Planets are small as balls of clay

Astray into the milky way, world's outasight
Far as the eye can see, not even a satellite
Now, stop and turn around and look
As ya stare in the darkness, ya knowledge is took

So keep starin' soon ya suddenly see a star
You better follow it 'cause it's the R
This is a lesson if ya guessin' and if ya borrowin'
Hurry hurry, step right up and keep followin' the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

This is a lifetime mission, vision of prison
Aight listen

In this journey you're the journal, I'm the journalist
Am I eternal? Or an eternalist?
I'm about to flow long as I can possibly go
Keep ya movin' 'coz the crowd said so
Dance, cuts rip ya pants
Eric B on the blades, bleedin' to death, call the ambulance

Pull out my weapon and start to squeeze
A magnum as a microphone murderin' M.C's
Let's quote a rhyme from a record I wrote
(Follow the leader)
Yeah, dope

'Coz everytime I stop it seems ya stuck
Soon as ya try to step off ya self-destruct
I came to overcome before I'm gone
By showin' and provin' and lettin' knowledge be born

Then after that I'll live forever, you disagree?
You say never? Then follow me
From century to century you'll remember me
In history, not a mystery or a memory

God by nature, mind raised in Asia
Since you was tricked, I have to raise ya
From the cradle to the grave, but remember
You're not a slave

'Coz we was put here to be much more than that
But we couldn't see it because our mind was trapped
But I'm here to break away the chains, take away the pains
Remake the brains, reveal my name

I guess nobody told you a little knowledge is dangerous
It can't be mixed, diluted, it can't be changed or switched
Here's a lesson if ya guessing and borrowing
Hurry hurry, step right up and keep following the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

A furified freestyle, lyrics of fury
My third eye makes me shine like jewelry
You're just a rent-a-rapper, your rhymes are minute-maid
I'll be here when it fade to watch you flip like a renegade

I can't wait to break and eliminate
On every traitor or snake, so stay awake
And follow and follow, because the tempo's a trail
The stage is a cage, the mic is a third rail

I'm Rakim, the fiend of a microphone
I'm not him, so leave my mic alone
Soon as the beat is felt, I'm ready to go
So fasten your seatbelt, 'coz I'm about to flow

No need to speed slow down to let the leader lead
Word to daddy, indeed
The R's a rollin' stone, so I'm rollin'
Directions is told, then the rhymes are stolen

Stop buggin', a brother said, "Dig 'em, I never dug 'em"
He couldn't follow the leader long enough so I drug 'em
Into danger zone, he should arrange his own
Face it, it's basic, erase it, change ya tone

There's one R in the alphabet
It's a one-letter word and it's about to get
More complex from one rhyme to the next
Eric B be easy on the flex

I've been from state to state, followers tailgate
Keep comin' but you came too late, but I'll wait
So back up, regroup, get a grip, come equipped
You're the next contestant, clap ya hands, you won a trip

The price is right, don't make a deal too soon
How many notes could you name this tune?
Follow the leader is the title, theme, task
Now ya know, you don't have to ask

Rap is rhythm and poetry, cuts create sound effects
You might catch up if you follow the records E.Wrecks
Until then keep eatin' and swallowin'
You better take a deep breath and keep followin' the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

Follow the leader
Follow the leader
Follow the leader
Follow the leader

Follow the leader
Follow the leader
Follow the leader
