

# I Get Visual

Rakim

(Keep you goin' when i'm flowin' smooth enough)  
Yes Yes Y'all, i still fiend by any means a flow  
and i go through extremes don't intervene  
my adventures show like a three dimensional screen  
coz i mention many things and i'm presenting many scenes  
i guess i'm telegraphic, motions energentic  
better tell 'em forget it, coz i'm telekinetic  
ideas is blowin', mics is blowin'  
from what i'm showin, see it , i keep it goin' when i'm flowin

I get visual, scenes of the lyrical individuals critical  
non kids can do, i'm comin' through  
I get visual, scenes of the lyrical individuals critical

Poetical pages cause panic, freestyles is frantic  
thoughts is organic, flow is aerodynamic  
mic is volcanic, rhymes spread across the planet  
I send out the scribe now the vibes gigantic  
Now, I'm internationally known, mental capacitys blown  
I hope your microphones accident prone, raw footage is shown  
but only showin' scenes of my own  
puttin' your periphereal vision in a zone  
but not the twilight, from the insight that i write  
and recite, in my mic , will be bright , coz i like  
the night glowin', its out of sight what i'm showin  
rappers are knowin', i keep it goin' when i'm flowin

When i'm flowin', theoritically speakin' like a drummer  
I take you through the streets, to the park in the summer  
or illustrate, a time and place you've never been  
and make you focus on the future after seein' the beginning  
and my style wilds like Miles on the trumpet  
volume dial is kinda low , need to pump it  
up another notch, turn the dial till it stops  
more watts you got, more things to watch  
third eye's wide open, you focus on a theory  
keep scopin' till you hear me, words are spoken clearly  
its no smoke screens on the scenes that i'm showin  
man i keep it goin', damn i keep it flowin

I get visual, scenes of the lyrical individuals critical  
non kids can do, i'm comin' through

Accurate tactics make 'em clap to this  
when i move the crowd, my rhythm still dont miss

breeze through melodies coz its been a long time  
my lyrics is fury and rappers hate to hear me rhyme  
every antidote that i quote, is no joke  
nobodys smilin' in the ghetto from the notes i wrote  
my high techniques wreck and disrepect beats  
have you followin' the leader up and down the streets  
so kick along, as i rip a song with pull  
as the rhyme goes on i get paid in full  
its Rakim, indicating rhymes for the showin  
check it out y'all, i keep it goin' when i'm flowin
