

## No competition

Rakim

No competition

Competition is none, I remain at the top like the sun  
And I burn whoever come in the chambers of torture  
I caught ya, you shoulda brought ya  
Neighborhood to support ya  
No one in my path will withstand  
Under pressure the wrath of a swift man  
You name the day, the grounds to be neutral  
Speak your piece, the feeling's mutual  
We can go topic from topic whenever I drop it  
Try to stop it  
In other words, what the brother heard  
He tried to catch it, but what occurred  
Was too much weight for one brain to take  
Try to concentrate maintain then elevate  
Program an ounce from pound to pound  
The matter of weight can't hold my mind down  
Permanent damage, I do away with  
No time for fun, cause I don't play with  
Competitors, there's only one when I'm done  
Competition is none  
No competition

Competition is none, I'm the soul survivor  
MC's get live but I get liver  
It ain't a Memorex, live in concert  
At every network, the R the expert  
Whoever goes against causes friction  
Introduction music where's the mixing  
Ra will never die, tools they never try  
To beat or defeat me, because whenever I  
Put poetry in motion  
From the Nile, then out into the ocean  
Three-fourths of water makes seven seas  
A third of land three-sixty degrees  
I circulate and remain to rotate  
Seven days a week at a quake or a slow rate  
Be prepared whenever I come  
Competition is none  
It's no competition

Creator, the alphabets let's communicate  
When I translate the situation's straight  
No dictionary's necessary to use  
Big words do nothing but confuse and lose  
From the first step, a concept was kept  
To the end of the rhyme, it get more in-depth  
All thoughts I come across, my mind's the source  
Made by the R, of course  
Seven holes in my face as I'm lookin out my window  
Speak with the beat and it seem like the wind blows  
Through the speakers, I hear it so pump this  
And we can fill up the whole circumfrence  
With competition, on an impossible mission  
Comin up with nothin, keep fishin  
No runner up, just lost or forfeits

They all get butterflies, soon as the dog gets  
Unlocked, lines for blocks and blocks  
Might be triflin, to call the cops  
Bring along paramedics  
But that won't help you, not even calisthetics  
I'm God, G is the seventh letter made  
Rainin on rappers, there's no parade  
So if you ain't wise, then don't even come  
Competition for this inter mixin is none  
It's, no competition  
Competition is none
