

Gone wild

Ram Jam

I am in pain, my pain, I was a boy too blue
I can't stand the suits, so walk on the blues
But to a-body a parfum, I'll paint my blues

I think it's time and out to step outside
Gonna keep it on awhile
Been chase on things from reality is just a fantasy
And all scene is the same to me
Yeah, all scene is the same to me
And I'm going, I'm gone wild

Gone wild nobody understands it anymore
How I'm feeling inside, not to let it go
Gone wild yes, I'm stoned again, I can't feel the same
That's why I'm so
Gone wild nobody understands it anymore
How I'm feeling inside, not to let it go
Gone wild baby that's crazy
Gone wild oh yeah that's crazy

I'm getting down to heart of the letter
Roll top bill, a second time in there
Be fine, say it's summon the skies
It looks like pollution, I say to you
Is it the same you
Well I'm going, I'm gone wild

Gone wild nobody understands it anymore
How I'm feeling inside, not to let it go
Gone wild yes, I'm stoned again, I can't feel the same
That's why I'm so
Gone wild nobody understands it anymore
How I'm feeling inside, not to let it go
Gone wild baby that's crazy
Gone wild oh yeah that's crazy
I'm wild

Gone wild nobody understands it anymore
How I feel inside, got to let it go
Gone wild yes, I'm stoned again, I can't feel the same
That's why I'm say
Gone wild nobody understands it anymore
How I'm feeling inside, I have to let it go
