Hurricane Ride

Ram Jam

Did not save her, won't you put me here align I don't know how to swim, can you teach me in time

Toss and turn in the time On the hurricane ride

In the linger, do you want to be tied We were within a world in the war that we tried Won't you be by my side on the hurricane ride

In the linger, do you want to be tied We were within a world in the war that we tried Won't you be by my side on the hurricane ride

Once again you will be tried on the hurricane ride
