

# Turnpike

Ram Jam

I was in love and I wasn't afraid  
You were just still written I couldn't play  
Then I wasn't so sure of my old day  
What is the reason, you wouldn't say  
Never returned to Boston  
The place where my love was lost and  
Oh baby, what's it causing me

Look for your face in the railway station  
Thought it was you but now I'm mistaken  
Where do I look in this great big passion for you

Stuck on the turnpike  
It's taking me days to hitch-hike  
Ain't no love like me and you  
Stuck on the turnpike  
It's taking me days to hitch-hike  
Ain't no love like me and you

I was a clown and the circus were me  
You were the theme and I was the tame  
You were the one that started the flame  
Why can't the love that we had be the same

Grabbing the south-side fairway  
Rolling my soul with a bottle of sherry  
Oh baby, don't you carry me

Never [?] and I made it to Boston  
Happy return to your home and lost and  
Oh baby, how it's supposed to be

Stuck on the turnpike  
It's taking me days to hitch-hike  
Ain't no love like me and you  
Stuck on the turnpike  
It's taking me days to hitch-hike  
Ain't no love like me and you

Stuck on the turnpike  
It's taking me days to hitch-hike  
Ain't no love like me and you  
I'm stuck on the turnpike  
It's taking me days to hitch-hike  
Ain't no love like me and you
