

## Wanna find love

Ram Jam

I'm the midnight master  
Gonna walk you home  
Force myself upon you  
Cause I'm all alone

Gonna find madness  
Sooner soon  
Gonna find sadness  
Gonna shoot the moon

I don't know just what is wrong with me  
I just want you to make love to me  
I'm the master of the love disaster 'cause  
Wanna find love, wanna find love, wanna find love  
Wanna find love, wanna find love, wanna find love

I'm the mad [?] and it's plain to see  
All my money can't buy love for me  
I'm the master of the love disaster 'cause  
Wanna find love, wanna find love, wanna find love  
Wanna find love, wanna find love, wanna find love  
Wanna find love, wanna find love, wanna find love

I'm the mid-supender, sleep around with me  
For time twist I will bring you down  
I'm the master of the love disaster  
Wanna find love, wanna find love, wanna find love  
Wanna find love, wanna find love, wanna find love  
Wanna find love, wanna find love, wanna find love

Wanna find love, wanna find love, wanna find love  
Wanna find love, wanna find love, wanna find love
