

Black silence in my heart  
grey chaos in my head  
white loneliness in me  
questions tearing me apart  
love and hate fighting in me  
and it hurt's like I hurt you  
like you hurt me  
it's all a nightmare that never seems to end  
because of the curse in my sleep  
grinding bleeding fighting loosing  
once again  
it's me and I'm falling...down

How I wish I could say  
it's over now but I know it's a dream  
so I just pray  
that this won't tear us apart  
that you'll stay  
I keep your soul in my heart

War and peace negotiating my soul  
going dark my smile  
turning pale bedevilled darkness taking over  
blinding powers shooting at my soul  
it shoots and it shoots me  
it's all a disaster killing me  
one by one beware of the gun at your head  
pulling trigger  
hitting falling once again  
there's blood all around

How I wish you could say  
it's over now but you'll never be free  
so I just pray that all your pain disappears  
I'll stay until the end of endless...grie!

Eyes of ice tries to steal me  
have to find some place above this empty seeds of sadness  
makes me wish I'd never been born at all
