

## The Sign

Ram-Zet

Changing time as it came to pas  
Hating you as you were tender, faith ful, beautiful  
The brave would rise and I could feel again  
Touch the spirits but they're corrupted, hateful, dreadful  
Living in this cage made me fell alive  
Anger beyond rage drove my soul tohte  
POint of no return never looking back  
Heading for the end now you need to  
Take me to the void  
Take me to the violence core  
Lay le down  
Dying for a soul  
The loss you face cannot compare to mine  
I would still try to be tender, faithful, beautiful  
Now there's time and I will say goodbye,  
I fall again as I'm corrupted, hateful, dreadful  
Take me to the void  
Take me to the violence core  
Lay me down in soil  
I'm dust anyway  
This is my fight  
This was my way  
So was the sign  
You were the sign  
This is my fight  
You were my way  
It was a sign  
You were the sign  
There was nothing that I wouldn't hate for you  
There was nobody I wouldn't slay for you  
There was nothing that I wouldn't burn for you  
There was nothing that I wouldn't do for you  
Now you nothing and I will not hate for you  
Now there's nobody I would still slay for you  
Now you're nothing and I will not burn for you  
there's just nothing that I wanna do for you
