

Forced Entry

RAM

Coming fast from underneath, Metal battering device.
Skullcrushing iron golem with a soul of fire and spite.
It's at your gates, at your walls, it can taste your
fear.
Unstoppable lord of demolition, sworn to rip, crush and
bend.

No compromise, no conformity.
Megaton speedtrain of no stopping.
Alone and defenceless, nowhere to go, you're the steel
shadows victim, you all ready know, rsistance is
futile.
Stiff from the terror, you freeze in your tracks, in a
second it's over you with vicious attacks, resistance
is futile.

This God of destruction will raze with perfection, its
breaking in breaching the walls the immaculate impaler,
the new Metal saviour, FORCED ENTRY.
Living natural disaster, doom incarnate.
Lawbreaker, lawmaker, sadistic, relentless judge.
Devil engine, hell machine, unchained and unbound.
The rule despiser. terrorizer that no wall can stand
against.
Skull to the wall, making it fall.
Hoof to ground making it quake, iron grip, the pain of
overpower, total submission, enter the injector,
resistance is futile.
