Damnation, a fiery whip strikes within.

Tormentor, manic, supressive aggressor inside.

Dark spirit, has chained itself to my spine.

Doom pilot, spiritual werewolf is now in command.

I am the host, host of the beast. Controlled by another, possessed but aware.

Soulstinger, screaming it's orders with hate. Ghost tyrant, enforcing it's cruel, vicious plan of revenge.

I am the host, host of the beast. Controlled by another, possessed but aware.

Possessed by a being obssessed, cravin the sweat and the lights.

Controlled, inner chokehold, driven through fire and ice. Possessed by a being obssessed, burning my way through the lies.

Controlled, inner chokehold, unstoppable slaver unbound.

I am the host, host of the beast. Controlled by another, possessed but aware.
