

# Come Back Baby

Ramones

1. Well life's a drag without you  
I found out a little bit too late, oh yes I did now  
I want you and all of your time  
I found out a little bit too late, oh yes I did now

R: Come back baby, come back  
Come back baby, come back  
Come back baby, come back  
Come back into my arms  
Come back baby, come back  
Come back baby, come back  
Come back baby, come back  
Come back into my arms

2. Well I want you in my arms  
I found out a little bit too late, oh yes I did now  
Yeah, I want you and all of your time  
I found out a little bit too late, oh yes I did now

R: Come back baby...

3. I want you to kiss goodnight, you gotta come back  
I want you to hold me tight, come back, yeah  
You gotta come back

R: Come back baby...

Come back, baby, come back
