## Ramones

- 1. Well life's a drag without you
   I found out a little bit too late, oh yes I did now
   I want you and all of your time
   I found out a little bit too late, oh yes I did now
- R: Come back baby, come back
  Come back baby, come back
  Come back baby, come back
  Come back into my arms
  Come back baby, come back
  Come back baby, come back
  Come back baby, come back
  Come back into my arms
