

I Wanted Everything

Ramones

I heard about the Ester bunny
Presents under a Christmas tree
It was dreaming and fantasy
There was no Mom or Daddy

I wanted everything
I wanted everything
I wanted everything

I had the world on my shoulder
But I was getting older
Knew I was ready for it
Some kind of envelopment

I wanted everything
I wanted everything
I wanted everything

All day working on a truck
Bringing the groceries up
Not much of a salary
No tip for the delivery

I wanted everything
I wanted everything
I wanted everything

There's no success for me
Involved in a robbery
There's money in the supermarket
And I'm goin' after it

I wanted everything
I wanted everything
I wanted everything

I wanted everything
I wanted everything
