

# I Wanted Everything

Ramones

I heard about the Ester bunny  
Presents under a Christmas tree  
It was dreaming and fantasy  
There was no Mom or Daddy

I wanted everything  
I wanted everything  
I wanted everything

I had the world on my shoulder  
But I was getting older  
Knew I was ready for it  
Some kind of envelopment

I wanted everything  
I wanted everything  
I wanted everything

All day working on a truck  
Bringing the groceries up  
Not much of a salary  
No tip for the delivery

I wanted everything  
I wanted everything  
I wanted everything

There's no success for me  
Involved in a robbery  
There's money in the supermarket  
And I'm goin' after it

I wanted everything  
I wanted everything  
I wanted everything

I wanted everything  
I wanted everything
