

David Courtney

Rancid

Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!

Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!

If you're being bold
And you must be told
You'll feel a whack
Upon your back
From a knuckle duster
Made of gold
If you do the job
Loyal to the mob
You'll be sorted
And rewarded
Sold to France
In the sun

Well if you pay you're debt you won't regret
Please take me up on my advice
'Cuz vengeance will be delivered door to door
And right on time

Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!
Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!

Cuban cigars
Silver Jaguars
Brand new suits
All filled with loot
He's looking wicked
And astute
Make no bonds, he says
Villains lend their ears
He's a legend
In the underworld
Robin Hood to the poor

Well if you pay you're debt you won't regret
Please take me up on my advice
'Cuz vengeance will be delivered door to door
And right on time

Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!

Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!

Listen up all you skinheads
Sewer rats
Gangsters
Villains and whores...
The dark figures from the shadows
Crept up from behind
Well, they brandished a gun
And pointed it directly at his face
And they shuddered at the sight
When the words were spoken
Go ahead, son, but you're making a
Big mistake.
When the coolness of the night
Reflected off the cobblestone roads
And silence took over
He said
Do you know who the fuck I am!?

Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!
Well all you motherfuckers
Criminals will be suckers
If you don't step aside for
David Courtney!
