

Diabolical

Rancid

One man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance

Come on

Well, Andy told his friends and family
It's real too hard to stand
If I stay any longer
Policeman don't put me away
Well, any poop that train can afford
That place was going as hell
Even though it was summer time
He throws them in the county jail

One man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance

Let's do this

Well it starts with a disagreement
Melanie should have walked away
You see Penny's been doing this many times
He knows how this court play
Well, his brother is up and he raise his fist
He'll commit himself a robot and you'll see then
Though they can't, Penny go
Any more share and the violence grows

One man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance

One man gives an opinion
The other man takes offense
When it comes to violence
It's a diabolical dance
Diabolical dance
Diabolical dance
When it comes to violence
It's a diabolical dance

When it comes to violence
It's a diabolical dance
When it comes to violence
It's a diabolical dance
