

## Ghetto Box

Rancid

Ghetto box talkin' (time for the back streets)  
Cocaine's rockin' (time for the back streets)  
And I'm not finished talkin' (time for the back streets)  
And the PUNX say stop it (time for the back streets)

Let go of my hand  
I don't understand  
Streetlights comin' through  
Time for the back streets with you!

Cadallie rollin' (time for the back streets)  
Police are patrolin' (time for the back streets)  
Well I see a fellow going (time for the back streets)  
Mississippi highway (time for the back streets)

Nothin but a fellow with a K-9 unit  
Nazi cops fuck you!  
Time for the backstreets with you.

Ghetto Box talkin' (time for the backstreets)  
Cocaine's rockin' (time for the backstreets)  
And the four were stalkin' (time for the backstreets)  
And the PUNX say stop it!!! (time for the back streets)

Let go of my hand  
I don't understand  
Street lights comin' through  
Time for the back streets with you!
