

I'm money broke and it's no joke
Can't cope use the rope this time
Knuckle up buckle up the ride's getting rough
And I will not loose my mind
I asked em if
I could come in and the first thing they said was no
If I can't come in that means I can't come back
I got nowhere to go

Hyena fighting for a lion's share
Sometimes the lions share ain't there
Hyena fighting for a lion's share
Sometimes the lions share ain't there

Absent from political authority an animal I've become
Total disorder and confusion is the lifestyle that I run
Permit me to do what I want and I will
I'm a nomad to travel
Concrete class
Stone and gravel

Hyena fighting for a lion's share
Sometimes the lions share ain't there
Hyena fighting for a lion's share
Sometimes the lions share ain't there

Every time I turn around it's the same sad story
Getting ganked I wish it would end
In lifes comisary I'm a bad missionary with a wicked message I sent
Fightin' to kill before I lose that shit and that's just the way I wanna live
Who can I trust in a world of greed when
I'm taught to take and not to give

Who can I trust
When I'm taught to take and not give

I'm money broke and it's no joke
Can't cope use the rope this time
Knuckle up buckle up the ride's getting rough
And I will not loose my mind
Permit me to do what I want and I will
Cuz I'm a nomad to travel
Concrete class
Stone and gravel

See there's nothin' you can say that's gonna change my mind
Fuck You!

Hyena fighting for a lion's share
Sometimes the lions share ain't there
Sometimes the lions share ain't there
