

# International Cover-Up

Rancid

(2x):

Back down no back down comin' up  
Rise up no rise up showin up  
Lock down no lock down comin' up  
International cover-up

What about the state of the union  
What about the guns they're using  
What about the kids that don't matter  
What about a genearal strike

You don't know what it's like  
Whats it's like what it's like...

(2x):

Back down no back down comin' up  
Rise up no rise up showin up  
Lock down no lock down comin' up  
International cover-up

What about the cage getting rattled  
What about the international battle  
What about the kids who are dreaming  
What about the kid who got stopped

You don't know what it's like  
Whats it's like what it's like...
