

## Radio

Rancid

Never fell in love  
until i fell in love with you  
Never know what a good time was  
until i had a good time with you  
If you wanna get the feeling  
and you wanna get it right  
Then the music gotta be loud  
for when the music hit i feel no pain at all

Warm summer night i was drinking with my dad  
He tried to give me the love that i never had  
But he gave more love to his bottle of wine  
So i had to go out and find love of another kind

Here it is  
Here i am  
Turn it up  
fuckin' loud

Radio, Radio, Radio...

When i got the music  
i got a place to go

Radio clash  
magnificent 7  
I was a choir boy  
you showed me no heaven  
Two tools surley lost  
no remorse ignoring the cost

Here it is  
Here i am  
Turn it up  
fuckin' loud

Radio, Radio, Radio...

When i got the music  
i got a place to go
