

## Solidarity

Rancid

Solidarity love and unity  
Set me free with a bullet and a gun

You said it was nothing  
I knew it was something  
It was no surprisin' i saw you cryin?

About you  
Said what went wrong  
About you  
Said you can't go on  
About you  
Said it's a long time gone  
About you  
Said your life's too long

Solidarity love and unity  
Set me free with a bullet and a gun

Didn't see it coming  
Your fears went hunting  
9 millimeter  
stops you running

About you  
Now you're long time gone  
About you  
So what went wrong

Solidarity love and unity  
Set me free with a bullet and a gun
