

# Up to No Good

Rancid

1,2,3,4,5,6,7,8

NO one is safe here  
We're all in danger  
through the corridor  
I see a stranger  
Robbin and Ransacking  
I see him walking  
Lock your doors now  
I hear him knocking

Up to no good  
Up to no good  
Like a spark on a wire  
or a splinter in wood  
best intentions get misunderstood  
but that motherfucker is  
Up to no good (6x)

1,2,3,4,5,6,7,8

Quick like a snake  
He's good at stealing  
He'll even steal the plaster  
off the ceiling  
Cloaked in darkness  
I see him standing  
Making moves in the night  
He's a ghost man

Up to no good  
Up to no good  
Like a spark on a wire  
or a splinter in wood  
Best intentions get misunderstood  
but that motherfucker is  
Up to no good (6x)

Criminals I understand them  
Watch your back  
Cause we'll come at random  
Born to lose  
And you end up in the system  
He's our friend  
Now we're gonna miss him

Up to no good  
Up to no good  
Like a spark on a wire  
or a splinter in wood  
best intentions get misunderstood  
but that motherfucker is  
Up to no good (8x)
