

It`s time to change your world now
Let`s find the dream of your life
Can you feel the power in the air?
There`s nothing hidden in this world
Even the deepest secrets of your heart
will come to light on the final day

Don`t put your hope in the stars
Don`t look for a prize from the rainbow
Here is something you can`t believe
but you will see

In the world of my fantasy
every dream will come true
Every whisper in the air will be heard
I will show you the way
to the place of secrets
O how I long to see you there
In the world of my fantasy

Waiting for starflight in the sky
Hoping that someone hears your cry

You don`t believe in this way
Time is waiting for your choice
You can only win or you can lose
Don`t you feel the power in the air?

Don`t give your life away for free
There is a place you`ll get your freedom
There is something you can`t believe
but you will see
