

# Can We Bring It Back

Randy Crawford

So many times without even trying  
You were always there and I was unaware  
And now my heart is breaking for you  
And my soul is aching for you too

Can we bring it back  
If only we knew how  
We could use a little heaven now  
A little heaven

Can we bring it back  
It's up to you and me  
It could be the way it used to be  
A little heaven is all we need  
To bring it back

I've lost you, it seems, knowing my dreams  
Love is still a lot, I see it in our eyes  
And it's though we've never been apart  
And for us there are no broken hearts

This love is, oh, so true  
This love you've given too  
That we're keeping here deep inside  
So deep inside

Can't we bring it back  
If only we knew how  
We could use a little heaven now  
A little heaven is all we need  
To bring it back

Tried to make it on my own  
To erase the love we've known  
But it's just no use pretending  
When love keeps winning

Can't we bring it back  
If only we knew how  
We could use a little heaven now  
A little heaven

Can we bring it back  
It's up to you and me  
We could solve the mystery  
A little heaven is all we needed  
To bring it back
