

# Addicted

Randy Houser

Your love is a drug  
That I just can't get off of my shoulders  
There's never enough  
And I am the junkie that it's taken over

I've never tasted something so pure  
You're either the death or the cure

'Cause I'm achin', I'm sweatin'  
This lonely ain't helpin'  
If only you'd stay for the night

Been hooked on that feeling  
That high that you're dealing  
Just look what you've done to my life

I found what was missin'  
And I can't resist it  
Oh, baby, I'm addicted

Just like alcohol  
Cigarettes and cocaine  
You start at my heart  
And you run through my veins

And I'm constantly cravin'  
I'm chancin' and chasin'

And I'm achin, I'm sweatin  
This lonely ain't helpin'  
If only you'd stay for the night

Been hooked on that feeling  
That high that you're dealing  
Just look what you've done to my life

I found what was missin'  
And I can't resist it  
Yeah, baby, I'm addicted  
Yeah, baby, I'm addicted

Your love is a drug  
That I just can't get  
Off of my shoulders
