

# Fired Up

Randy Houser

I drove ninety miles and hour comin' to pick you up  
Wasn't nothing but gravel flyin' in a cloud of dust  
When I saw you comin' out the door my heart was jumpin' out of my chest  
Never seen somethin' looking so good rockin' out a little sundress you got me

Fired up  
Hotter than the hood of this truck  
Fired up  
Feels just like lighting struck  
Right here in this seat beside me  
Girl you got my temperature risin'  
Ah look just what your kiss has done  
You got me  
Fired up  
Yeah girl you got me  
Fired up

This cold beer sittin' in the console  
Ain't coolin' anything down  
This cool breeze cuttin' through the window ain't puttin' this flame out  
You got me buzzin' girl with the touch of your fingertips  
You got me shakin' girl when you put your smile on my lips you got me

Fired up  
Hotter than the hood of this truck  
Fired up  
Feels just like lighting struck  
Right here in this seat beside me  
Girl you got my temperature risin'  
Ah look just what your kiss has done  
Yeah you got me  
Fired up  
Aw you got me  
Fired up

You got me  
Fired up  
Hotter than the hood of this truck  
Fired up

You got me  
Fired up  
Hotter than the hood of this truck  
Fired up  
Feels just like lighting struck  
Right here in this seat beside me  
Girl you got my temperature risin'  
Ah look just what your kiss has done  
You got me  
Fired up  
You got me  
Fired up  
Yeah yeah yeah  
Yeah you got me all fired up
