

Gotta Get You Home

Randy Houser

Girl I know they just sat down your drink
And the band they just started to sing
Our friends will be here any minute now
We were supposed to party we were gonna hang out
That dress that kiss are drivin' me crazy

So I just paid the tab off
Left a full beer, I can't stay here
Let's go somewhere all alone

Text your friends and say you're sorry
Blame it on me
Tell 'em we just had to go
'Cause girl you know
I got to get you home
Woah, woah
Fumbled on my keys unlockin' the door
Can't wait no more

It's gonna take every bit of strength I got
Just to make it out of this parking lot
It's a left and a left then we take a right
Aw come on girl we're just wasting time

I just paid the tab
Left a full beer, I can't stay here
Let's go somewhere all alone

Text your friends and say you're sorry
Blame it on me
Tell 'em we just had to go
'Cause girl you know
I got to get you home
Woah, woah
Fumbled on my keys unlockin' the door
Can't wait no more
I got to get you home
Woah, woah
Kissing you all the way up the stairs
Girl we gotta get there
I got to get you outta here and in my arms
If we can even make it that far yeah yeah

I just paid the tab off
Left a full beer, I can't stay here
Let's go somewhere all alone
Yeah

Text your friends and say you're sorry
Blame it on me
Tell 'em we just had to go
'Cause girl you know
I got to get you home
Woah, woah

Fumbled on my keys unlockin' the door
Can't wait no more

I got to get you home
Woah, woah
Kissing you all the way up the stairs
Girl we gotta get there
I got to get you home
Woah, woah
