

# Mine Tonight

Randy Houser

Bet you heard I'm a bad boy on of them  
Better no tell your daddy boys  
No count, let you down  
Paint the town run around boys  
Can see it in your eyes girl  
You liked to get a little wild girl  
Don't care what people say  
What people think that ain't your style girl  
But I like your style girl

And if you were mine tonight  
I'd start right there on that pretty smile  
And I'd kiss you just like  
It was the last kiss of my life  
I wouldn't have to drive you home  
We could stay out here girl all night long  
And I wouldn't have to say goodbye  
If you were mine tonight woah

How do I get you in my truck girl  
Must be runnin' on a little luck girl  
Mister Right on the slide  
Yeah right yeah that's what's up girl  
Aw but let me tell you what's up girl

If you were mine tonight  
I'd start right there on that pretty smile  
And I'd kiss you just like  
It was the last kiss of my life  
I wouldn't have to drive you home  
We could stay out here girl all night long  
And I wouldn't have to say goodbye  
If you were mine tonight woah

If you were mine tonight  
I'd light a fire down in your heart  
If you were mine tonight  
You'd wake up in my arms

If you were mine tonight  
I'd start right there on that pretty smile  
And I'd kiss you just like  
It was the last kiss of my life  
I wouldn't have to drive you home  
We could stay out here girl all night long  
And I wouldn't have to say goodbye  
If you were mine tonight woah  
If you were mine tonight

If you were mine  
If you were mine  
If you were mine tonight  
If you were mine  
If you were mine  
If you were mine tonight
