

# Sunshine on the Line

Randy Houser

Well back up the boat, throw the cooler in the middle,  
Got a lot of time, gonna kill us a little.  
Gonna sink it down deep to the bottom of the creek  
Gonna shook off my shirt, get some muddy on my feet

I got sunshine on the line  
Pretty little bitty country girl sittin' by my side  
I got sunshine on the line  
Try to talk around a kiss and it looks like she just might  
Be in a "Don't give a damn if they don't bite" state of mind  
I got sunshine on the line

She said, rub me all over to the Blue Hole baby  
Anchor up the boat, jump in, you better take me  
In your arms 'cause I'm cold as the beer you been sippin'  
The pool back here just right for skinny dippin'

Got sunshine on the line  
Pretty little bitty country girl sittin' by my side  
I got sunshine on the line  
Try to talk around a kiss and it looks like she just might  
Be in a "I don't give a damn if they don't bite" state of mind  
I got sunshine on the line

Sometimes it don't matter if you don't catch nothin' but a good  
time  
Catch a kiss, catch a buzz, catch a breeze, a little bit of blue  
sky

I got sunshine on the line  
Pretty little bitty country girl sittin' by my side  
I got sunshine on the line  
Try to talk around a kiss and it looks like she just might  
Be in a "Don't give a damn if they don't bite" state of mind  
I'm in a "Don't give a damn if they don't bite" state of mind  
I got sunshine on the line  
I got sunshine on the line
