

Mikey's

Randy Newman

Have you seen my Marie?
She's gone off somewhere
Unexpectedly
If she wanders in here babe
Tell her I'm lookin' for her
I ain't mad or nothin'
I just want to talk

You know Mikey
We've been friends for a long time
You tell me all your troubles
And I've always told you mine
North Beach has changed though
Since we were growin' up
Didn't used to be any spades here now you got 'em
Didn't used to be any Mexicans here now you got 'em
Didn't used to be any Chinamen here
Didn't used to be this ugly music playing all the time
Where are we, on the moon?
Whatever happened to the old songs, Mikey?
Like "The Duke of Earl"
Mikey, whatever happened to the fucking Duke of Earl?
